SAFETY and SERVICE

PUBLIC NOTICE

DATE: July 10, 2023

TO: All Township Officials

FROM: Bay County Road Commission (BCRC)
James C. Lillo, PE, Engineer-Manager

SUBJECT: VEGETATIVE HERBICIDE APPLICATION

To the residents of Bay County, the Saginaw Bay Cooperative Invasive Species Management Area (SB-CISMA) will be implementing vegetative herbicide application for the treatment of invasive European frog-bit and phragmites in Bay County. Application and treatment of said herbicide will be taking place between July 12 and October 31, 2023, **primarily in the Fraser and Pinconning Township area near Saginaw Bay**. CISMA will reach out to those areas adjacent to organic agricultural/farm land, to avoid spraying next to them.

CISMA will be using their invasive species strike team, who are licensed commercial pesticide applicators, to apply herbicide containing the active ingredient Imazamox for European frog-bit and Glyphosate for phragmites. Application of this treatment will be performed along roadside ditches in Bay County. If you have any questions or concerns, please contact Saginaw Bay CISMA at 989-846-4565 ext. 5
